Glendale Post, No. 127, American
Legion, by resolutions committee,
R. D. WHITE, Chairman.
DR. E. V. BROWN,
E. P. HAYWARD.

The largest attendance of the year
was present last night at the regular
weekly meeting of the local post of
the American Legion, the pep that
was recently shown at the carnival
and Armistice day celebration ap-
parently having inspired a number of
the "backsliding" members.

Besides the attendance of a record
crowd of old members, the gathering
was appreciably strengthened by the
initiation of fifteen new members
and three transfers from other posts.

The new members are Luther J.
Dannel, Charles E. Chamberlain, L.
E. Hollinsworth, Edward Roy Lucy,
William M. Litchfield, Leroy J. For-
tier, Victor D. Carr, Loren G. Jones,
Willis Howe, Robert J. Corrigan,
Charles Sterzing, Elizabeth L. Sullivan,
Carlos V. Blix, Carlisle H. Bibb and
Earl H. Gibson. Those who de-
mitted from outside posts were H.
W. McSham, Warren L. Marston
and Fred Conway.

Reports From Committees
Following the initiatory services,
the regular business session was con-
ducted, consisting mainly of re-
ports from the various committees
on last week's fun festival and cele-
bration. The final report of the fi-
nancial status of the project, as was
compiled by Post Treasurer Jesse
Flower, showed that Glendale Post,
No. 127, realized \$2,103.49 from the
venture. This money is to go into
the building fund of the organiza-
tion.

Gordon Clayton, who was chair-
man of the financial committee,
made a detailed report of the suc-
cess of all of the various concessions
and entertainments. Special mention
was made regarding the accomplish-
ments of the Women's Auxiliary of
the post, who turned in \$267 net.

Zone Ordinance to Be Considered Soon by City Councilmen

A zoning ordinance is to be put
before the city council of Glendale at
the earliest possible moment, accord-
ing to a statement by City Manager
W. H. Reeves, who expressed himself
as very much in favor of the project.
"It has got to come," he said. "We
want to make it possible to foresee
the future growth of Glendale and
avoid the mistakes of other com-
munities. What a world of trouble
we will save!"

Attention was called by Mr. Reeves
to the fact that under a zoning sys-
tem a certain section of the city
would be set aside exclusively for
residences and flats, apartment
houses, duplexes and bungalow
courts would be excluded as well as
commercial enterprises.

"There is a lot of complaint that
the residence district is being invaded
by business," declared Mr. Reeves.
City Engineer C. L. Hill is now
preparing an official map illustrat-
ing a proposed zoning system. As
soon as this is ready, it will be
turned over to City Attorney Bert P.
Woodward in order that he may draft
an ordinance.

Glendale is to be divided into three
districts under the new plan. One
will comprise residences; another
commercial establishments such as
stores and offices; and the third, in-
dustrial plants such as factories.

The commercial zone proper will
be the territory between Wilson and
Colorado avenues and between Glen-
dale and Central avenues.

Special streets to be included in
the commercial district will be Colo-
rado avenue, Broadway, Brand boule-
vard, Glendale avenue and Los Feliz
road.

Germany, departed for London today to confer with Premier Lloyd
George with regard to the reparations questions and to open nego-
tiations for a loan to Germany.

UNDER SECRETARY OF STATE FLETCHER HAS NOT QUIT
WASHINGTON, Nov. 19.—Under Secretary of State Fletcher
has not resigned in order to accept the post of ambassador to Bel-

cretary and it was indicated that he might accept an ambassadorial
post after the conclusion of the armament conference.

REFUSES OFFER OF VIRTUAL INDEPENDENCE TO EGYPT
LONDON, Nov. 19.—Adly Pasha, Egyptian premier, today re-
jected the plan offered by Lord Curzon, secretary of state for foreign
affairs, granting virtual independence to Egypt, while retaining to
Great Britain the right to keep garrisons in the country to insure
British communications with India. Adly Pasha threatened to break
off the negotiations. Such action would probably result in his op-
ponent, Zaghouel, leading a new revolution in Egypt.

POLICE INVESTIGATING REPORTED \$100,000 ROBBERY
ST. PAUL, Minn., Nov. 19.—W. Weisman, manager of the Git-
tleson Jewelry store here, is held by the police today for question-
ing in connection with the reported robbery of the store in which
\$100,000 worth of diamonds and pearls was said to have been taken.
Police expressed skepticism of the story told by Weisman. Accord-
ing to Weisman three armed bandits gained entrance to the store
during the night, and upon his arrival in the morning, cut off the
burglar alarm and forced him to open the vault.

WOULD DENY SEAT TO EITHER NEWBERRY OR FORD
WASHINGTON, Nov. 19.—A resolution to have the seat of
Senator Newberry declared vacant, and neither he nor Henry Ford
entitled to it, was introduced in the senate today by Senator Walsh,
democrat, of Montana. The resolution asserted that Newberry is
not entitled to the seat because of "gross and flagrant violation" of
the Michigan election laws by him and his supporters in the Ford-
Newberry senatorial campaign. The resolution would deny the seat
to Ford because he did not receive a majority of votes.

THIRTEEN MEXICAN REBELS KILLED IN BATTLE, REPORT
CALEXICO, Cal., Nov. 19.—Thirteen of a band of fifty rebels
were killed Thursday afternoon in a battle in a canyon seventeen
miles southeast of Tecate, in the northern district of Lower Cali-
fornia, according to official reports received at Mexicali today by
General Rodriguez, commander of the Mexican Federal forces in that
territory. The government troops were under command of
Colonel Armento. Four of the prisoners taken in the battle were
executed, General Rodriguez said. General Rodriguez said he con-
sidered this defeat of the rebels practically the end of the revolution-
ary movement in Lower California.

DECREASE IN RETAIL FOOD COST TO AVERAGE FAMILY
WASHINGTON, Nov. 19.—There was a decrease of three-
tenths of one per cent in the retail cost of food to the average family
in October as compared with September, while all food articles de-
creased 23 per cent during the year ending October 15, the depart-
ment of labor announced today. The largest decreases during the
month were potatoes, 13 per cent; cabbage, 11 per cent, and lamb, 9
per cent. Fifteen articles increased in price during the month, the
notable increases being strictly fresh eggs, 17 per cent; onions 14
per cent, and butter 5 per cent. There was a slight recession in the
general level of wholesale prices in October, the decline from the
September level being a little over 1 per cent.

GOVERNMENT FAVORABLE, RECEIVES FORD PROPOSALS
WASHINGTON, Nov. 19.—The government has favorably re-
ceived the proposals of Henry Ford to assume control of the Muscle
Shoals water power project for 99 years, it was learned today on
high authority. An official announcement that the government has
accepted Ford's offer "in full" can be expected within a few days.
The proposals will then go to a vote of congress and they involve
an appropriation of approximately \$40,000,000. Leasing of the
project to Ford, which he declared would resurrect the industrial
life of the south, will be based on nine principal proposals, it was
learned. Ford left Washington early today without having seen
Secretary Weeks, because of the latter's illness.

HELD IN JAIL PENDING OUTCOME OF SHOOTING AFFAIR
LOS ANGELES, Nov. 19.—Ira Weiss, 46, is being held in the
city jail today pending the outcome of two serious gunshot wounds
received by Stanley M. Sax, 23, shot by Weiss last night at the
busiest downtown corner in the city. Arrested as he stood over his
victim Weiss declared he shot Sax because the latter spoke lightly
of his wife, Mrs. Lydia Weiss. The husband told police officers that
Sax had proclaimed in a room full of strange men he was Mrs. Weiss's
sweetheart. Sax was arrested Thursday on suspicion of grand lar-
ceny after Weiss had complained to the police that Sax had lured
Mrs. Weiss to a downtown hotel and robbed her of diamonds worth
\$1000 and \$250 in Liberty bonds. Mrs. Weiss claimed Sax dragged
her. Sax denied the charge and was released late yesterday.

WOMAN GIVES TESTIMONY AGAINST ROSCOE ARBUCKLE
SAN FRANCISCO, Nov. 19.—The first woman to testify against
Roscoe ("Fatty") Arbuckle, famous film comedian, on trial for man-
slaughter, was called to the witness stand today. She was Miss
Grace Halstead, a nurse at the sanitarium where Virginia Rappe
died. She was present at the autopsy performed on the body of the
film actress and her testimony followed in sequence that of Dr. Wil-
liam Ophuls, autopsy surgeon. With convening of court it became
certain there would be no session of trial this afternoon when Judge
Loudenback announced that consent of both sides—necessary under
the law—was lacking. Miss Halstead told of the arrival of Virginia
Rappe at the sanitarium on Thursday, September 8, and her death
the following day. In response to questions from Assistant District
Attorney U'Ren she told of noticing bruises on the body after it had
been taken to the death room for autopsy.

W. F. TOWER CHOSEN BROTHERHOOD HEAD BY METHODISTS

Annual Dinner and Business
Meeting Takes Place at
Church Last Night

A large attendance marked the
annual brotherhood dinner and
business meeting at the First Meth-
odist church last night, under the
direction of John G. Peart and W. A.
Webber.

After an appetizing repast, Presi-
dent Arthur G. Lindley conducted
the business session. He reported on
the work of the past year and
thanked the other officers and mem-
bers for their support. Comment
was made upon the fact that the plan
of organization originated with Mr.
Lindley and he was complimented
upon its completeness and practic-
ability.

It was remarked that the Glendale
plan has been recommended by Dr.
W. L. Y. Davis, district superintend-
ent, and approved by several brother-
hoods in the Pasadena district.

New Officers Chosen

The election of officers for the
coming year resulted as follows:
W. F. Tower, president; Ed M. Lee,
first vice president; R. F. Kitterman,
second vice president; George Jeff-
ries, third vice president; C. L. Lus-
by, fourth vice president; J. G. Peart,
fifth vice president; Pro. Darwin
Root, secretary; E. E. Os-
good, treasurer; Rev. E. Hoskyn,
chaplain.

The speaker of the evening was
the Rev. Harley G. Preston, pastor of
the Pacific Avenue Methodist
church. He prefaced his remarks
with an account of some of his ex-
periences among the soldiers.

Tribute to Devotion

He paid a high tribute to their
devotion, their brotherly interest in
each other, their fine courage.

Pleasure at being assigned to
Glendale at the recent Methodist
conference was expressed by Rev.
Preston. He stated that he admired
the local enterprise and public spirit.
He said he hoped that in brother-
hood and church work the spirit of
comradeship begotten by the war
would be continued.

Train Hits Funeral Procession and Nine Persons Are Killed

CHICAGO, Nov. 19.—Nine
persons were killed, their
bodies fearfully mangled, when
the California Limited on the
Santa Fe crashed into a funeral
procession on a grade crossing
at Summit, Illinois, near here,
during a blinding snowstorm
today.

Three of the mourners were
injured, two of them so serious-
ly that they may die. Two of
the slain were children of Mr.
and Mrs. John Ziemanian who
were holding the funeral of their
4-year-old daughter, Emily. The
father and mother were in a car
a block ahead.

Two other of the Ziemanian
children, who were in the car
that was demolished, miraculously
escaped with cuts and bruises.
Walter, 12, and John, Jr., 3,
were the members of the Ziema-
nian family who were killed.

John Pettkoske, an under-
taker, and Stanley Chybicki were
also killed. Five others, believed
from the dismembered parts to
have been four men and a little
girl, have not been identified.

While the bodies of the dead
were being gathered up, Mr. and
Mrs. Ziemanian and weeping
friends proceeded to Resurrection
cemetery and laid away the
body of little Emily. The sor-
rowing parents then returned
and watched the gathering up of
the bodies of their two other
children in baskets and sacks.

spend a few days with her son, Ar-
thur Holzman, who has been in Glen-
dale with her for a couple of days.
Her daughter, Miss Minnie Holzman,
spent the day in Los Angeles visiting
Mrs. Leo Frank.

JAPAN ANSWERS DECLARATION BY CHINA DELEGATES

Discussion in Secret Seems
Satisfactory and Results
Pleasing to Chinese

By GEORGE R. HOLMES
Written for International News Service
WASHINGTON, D. C., Nov.
19.—Japan replied today to
China's declaration of "prin-
ciples" during a two-hour secret
session of the whole conference.

A statement of Japanese pol-
icy toward China was read to
the delegates of the eight other
powers by Baron Kato, the
Japanese Minister of Marine.

There was considerable dis-
cussion of the China case by sev-
eral of the powers, according to
those participating.

Chinese delegates were ap-
parently satisfied with the re-
sult of today's sessions.

"The expression of the na-
tions, including Japan, towards
the proposals of China were
sympathetic," a Chinese dele-
gate said.

"The proposals for the terri-
torial integrity of China have
been well received."

All of the participating pow-
ers made statement in today's
session concerning their attitude
towards the Chinese proposals,
it was learned. It is under-
stood that a resume of these
statements may be made public
later.

Great Britain stands ready to
abandon her so-called "sphere
of influence" in the Yangtsi
Valley of China, in the interest
of the open door, it was stated
semi-officially today on behalf
of the British delegation.

SPECIAL SESSION OF MUSIC CLUB BOARD IS HELD

Mrs. Emma Legge Is Selected
Financial Secretary; Plan
Alice Gentle Concert

The special meeting of the execu-
tive board of the Glendale Music
club was held yesterday afternoon.
Mrs. Mattie B. Jones presiding.

Mrs. Emma Legge was appointed
financial secretary to take the place
of Mrs. Vivian Webb, who has re-
signed on account of home duties.

Arrangements were started for the
big concert by Alice Gentle, which
will be given December 2. A com-
mittee of house and general arrange-
ments was appointed, including Mrs.
Spencer Robinson, Mrs. Dora Gib-
son, Miss Veda Knapp, president of
the Junior auxiliary of the Glendale
Music club, Mrs. Freeman Kelly
was appointed chairman of the de-
coration committee and sub-committees
will be appointed later.

James Smith of the Junior auxil-
iary will have charge of the ushering,
and Mrs. Calvin Whiting and a num-
ber of women will assist at the door.
The treasurer and financial secretary
will be present to receive dues and
new members.

Old-fashioned Party
An invitation was read from the
Los Angeles Music Teachers' associa-
tion to the musicians of Glendale to
attend an old-fashioned party to be
given in Los Angeles November 29.
This is to be a costume party and
old-fashioned dance and social eve-
ning. Proceeds to be used for phil-
anthropic work. Mrs. Catherine
Shank of Glendale is chairman of the
committee in charge of the party.

At the meeting yesterday it was
decided to hold all club members'
seats at the Alice Gentle concert, De-
cember 2, until 8 o'clock. Club
members will be admitted on their
membership cards. After 8 o'clock
it is planned to sell these seats to
outsiders who desire to attend the
concert, and club members are urged
to be prompt.

Chapter Members Luncheon Guests in Orange Grove

Members of Chapter BA, P. E. O.,
numbering sixteen, went to Orange
by automobile yesterday for lunch-
eon, at the invitation of Mrs. Lola
P. Bennett, state president of P. E. O.,
who resides in that city. Mr. and
Mrs. Bennett have a beautiful home
situated in the midst of a twelve acre
orange grove.

Upon the arrival of the members
from Glendale a most cordial wel-
come awaited them from Mrs. Ben-
nett. A very delicious luncheon was
ready for the guests. An especially
attractive feature of each luncheon
tray was a little basket with a yel-
low flower in it, which had been made
by Mrs. Bennett.

After luncheon a very short busi-
ness meeting was presided over by
the president of Chapter BA, Mrs.
Madeline Kelley. Mrs. Bennett was
called upon at that time for a few
remarks and responded in a charm-
ing manner. As an appropriate close
of the day Mrs. Kelley, in behalf of
Chapter BA, thanked Mrs. Bennett
most heartily for her hospitality.

The next meeting of Chapter BA
will be held December 2 at the home
of Mrs. Pearl Guthrie, 818 Patterson
avenue, and it will be an all day ses-
sion.

TUESDAY AFTERNOON CLUB DRAMA SECTION PRESENTS THREE ONE-ACT PLAYS IN VERY SPLENDID MANNER

Productions Under Direction of Mrs. R. E. Chase
And All Who Took Part Highly Complimented
On Excellent Showing; Music Also Feature

The presentation of the three one-
act plays, "Poor Old Jim," "Glory
of the Morning" and "Mrs. Ritter
Appears," at the Glendale theatre
last night by the drama section of
the Tuesday Afternoon club, under
the personal direction of the curator,
Mrs. Raymond E. Chase, was marked
with great success, both as to the
large number of people who attended
and as to the keen attention and
appreciation with which they re-
sponded to the splendid acting which
characterized all three plays.

After the overture march "Ro-
maine" (Gounod), played by Paul
Carson, organist, the curtains were
drawn on a scene in the living room
of Jim's house, the time being at
6 o'clock in the morning. "Poor
Old Jim," so cleverly portrayed by
Ray L. Galvin, had over indulged in
too much "joy water" at the club,
and was asleep on the couch. His
wife enters and becomes alarmed at
his condition and calls the doctor.
The part of Marie, the wife, was well
interpreted by Mrs. L. G. Sherman,
who was indeed charming in her
dressing gown of old rose colored
tulle and lace. The part of Paul,
the doctor, was enacted realistically
by Dr. Raymond E. Chase.

Marie is quite vexed over the fact
that her husband has failed to keep
his promise not to drink. The doc-
tor suggests a clever hoax to help
her out of the dilemma, and incident-
ally to make Paul stop drinking.
"Poor Old Jim" is made to believe
that he is dead for two hours and
is brought back to life by Paul, the
doctor. What Jim sees during his
temporary death causes him to
promise in earnest not to drink any
more. The action was splen-
did in the entire act and kept the
audience in laughter until the fall
of the curtain.

American Indian Music
Organ selections of American In-
dian music, "By the Waters of Min-
netonka" and "The Land of Sky Blue
Waters" were played by Paul Car-
son.

The curtain then rose on the sec-
ond play, "Glory of the Morning,"

FISH AND BIRDS TO BE AWARDED ACACIA'S PUPILS

Unique Plan Is Outlined to
Obtain Better Results in
Various Departments

The regular meeting of the Mothers'
Club of the Acacia street P.-T. A.
was held at the school building yester-
day afternoon, with the president,
Mrs. W. B. Alexander, in charge.
After a very pleasant hour refresh-
ments of home-made cake and coffee
were served.

Minutes were read of the last ex-
ecutive board meeting, which stated
that a plan had been decided upon to
furnish each of the three rooms at
the school with a bowl of one gold-
fish, and at each meeting the room
having the largest attendance of
mothers would be given an additional
fish, and at the end of the year
the room having the most fish would
be the honor room and would be
given a party.

Another plan decided upon was
for the room having the least tardy
marks to be given a canary bird and
a cage. The room having the most
mothers and fathers attend the
"fathers' night" entertainment,
which is to be held early in Decem-
ber, is to be awarded a banner.
As a present to the school at
Christmas time a list of bubble
books will be purchased for the vic-
tories, whereby all the children may
enjoy them throughout the year.

Program Is Enjoyed

After the business meeting a very
interesting program was enjoyed,
which included two piano selections,
"Etude in D Minor" (Foote) and
"Underneath the Stars," by Miss B.
Perhan. Mrs. Arthur Brown gave a
talk on the Red Cross.

An illustrated lecture on the Near
East relief was given by Rev. R. W.
Mottorn, after which a number of
the mothers obtained the little book-
lets to raise money for the Armenian
orphan children.

A very clever planologue was
given by Miss Osborn. Mrs. Bullis'
room was awarded the fish for hav-
ing the largest number of mothers in
attendance at the meeting yester-
day.

Mrs. E. L. Adams, president of the
Cerritos avenue P.-T. A. and Mrs.
John Robert White, federation presi-
dent, were visitors at yesterday's
meeting.

A. POWDER HAS RETURNED

Conditions are "nothing extra" in
the middle west, according to A. B.
Pouder of the Enterprise Furniture
Store, 216 East Broadway, who has
just returned from a month's busi-
ness trip to Chicago and Omaha,
where he visited various furniture
exhibits. Mr. Pouder believes that
conditions are better right here than
elsewhere and remarked: "Glendale
is hard to beat."

GLENDALE DEBATE SQUAD PRESENTS BEST ARGUMENTS

Panama Canal Tolls Should
Be Repealed; They Should
Not; Both Are Right

Should the Panama canal tolls be
repealed?
That depends whether you live in
Glendale or Hollywood.

Paul Hutchinson and George Jordan
proved conclusively at the local
high school last night that they
should; Miss Kathleen Campbell and
Dale Woods of Glendale proved
equally definitely at the Hollywood
high school last night that they
should not.

The first simultaneous debate of
the school year was well attended in
both communities.

"The Glendale high school deba-
ters made a splendid showing in
Hollywood," declared a member of
the audience there. "They won all
three judges."

An equally splendid showing was
made by the two debaters who re-
mained in Glendale.

The Hague-Panacefote and arbi-
tration treaties were brought up dur-
ing the discussion and comment was
made upon the fact that in order
to repeal the tolls it would be neces-
sary to disregard both of these ob-
ligations. The question was "Should
these treaties be treated as a scrap
of paper?"

Mrs. G. K. Barnes Entertains Behalf of Foothill Club

The members of the Foothill club
were entertained yesterday afternoon
at the home of Mrs. G. K. Barnes,
1311 North Brand boulevard. Deco-
rations of chrysanthemums were
used in the living and dining rooms.
The afternoon was spent in needle-
work for Christmas time for the
Children's hospital and also for the
needy of Glendale. A picture of the
French war orphan, which has been
adopted by the club, was received
and was the source of a great deal
of satisfaction from club members.

Special guests for the afternoon
were Mrs. Eugene Sanders, Mrs. Agnes
Bohannon and Mrs. Walter J.
Elliott of Pasadena. At the close of
the afternoon the hostess served
luncheon. The members of the
Foothill club are Mrs. Charles H.
Beggs, Mrs. G. K. Barnes, Mrs. J. A.
Christie, Mrs. C. H. Crawford, Mrs.
Percy H. Curtis, Mrs. Wm. C. Cutler,
Mrs. E. E. Dana, Mrs. H. M. Hewitt,
Mrs. Julius Kranz, Mrs. Mary J. Ol-
iver, Mrs. A. P. Priest, Miss Maude S.
Salisbury, Mrs. J. B. Tabour, Miss
Ellen Williams, Mrs. F. G. Hall, Mrs.
Nelson and Mrs. Elliott B. Wyman.

LOCAL LEGION GETS FINAL REPORT ON CARNIVAL WEEK

Sum of \$2103.49 Realized by
Organization; Banquet Will
Be Held in December

(Continued From Page 1)
profits from their country store,
which was operated all through last
week at the circus grounds.

A report of the activities and re-
sults of the Queen contest was sub-
mitted by Lacey Hoge, who was the
manager of the affair.

Heads Sick Committee
Gerald Delgado, who is first
vice commander of the post, was se-
lected to act as chairman of the sick
committee for the remainder of this
year. This action was made neces-
sary on account of the resignation
of Clarence Edwards, who has been
acting as temporary head of the
committee for the past few months.

Upon request Mr. Delgado gave
a brief outline of the numerous ac-
tivities that are being planned by
that committee for the next two
months. He will have charge of the
Christmas work among the former
service men who are patients at the
Thornycroft hospital.

Following a brief discussion E. P.
Hayward, Richardson D. White and
Dr. H. V. Brown were selected to
act on a resolutions committee,
which immediately drafted a number
of resolutions of appreciation to be
presented to several organizations
who aided the legion in the carnival.
They were read and approved by the
members, the committee being in-
structed to forward them to the or-
ganizations.

Banquet to Be Held
Dr. Gerald Kaemmerling, chair-
man of the banquet committee, made
an announcement that a big banquet
and get-together for the local legion
members is being planned to be held
during the first week of December.
Dr. Kaemmerling is being aided in
arranging the novel affair by C. B.
Guthrie and Dr. H. C. Smith.

On motion of the members present
Adj. James F. McBryde was in-
structed to immediately proceed with
the purchase of a complete set of
individual lapel buttons. Each man
is to have a button upon which his
name will be printed, the same to be
worn by them at every meeting of
the post.

Announcement was made by Rich-
ardson D. White of the national ed-
ucational week, which is to be ob-
served all over the country during
the week of December 4 to 10. A
more complete announcement of the
affair will be given in the near fu-
ture, he said. Those who were
chosen for the educational week
committee were Richardson D.
White, C. B. Guthrie, William M.
Litchfield, E. P. Hayward, Dr. H. V.
Brown and T. D. Watson.

Before adjourning the meeting an
announcement was made by Mitchell
Frug, who is employed at one of the
Hollywood studios, that a special
feature would be added to next
week's business session in the form
of the exhibiting of motion pictures
of Glendale's Armistice day parade
and other scenes.

Glendale Welfare Council Prepares for Thanksgiving

The members of the Glendale Wel-
fare council are busily at work get-
ting ready for Thanksgiving, when it
is expected that about forty needy
families of Glendale will be taken
care of. The High school and Inter-
mediate school, together with the
churches and different organizations,
are giving the council their generous
and hearty support in this work.

Mrs. E. D. Yard, chairman of the
council, states that anyone wishing
to give private donations may send
same to the treasurer of the coun-
cil, Mrs. L. W. Sinclair, at the city
hall. Anyone knowing or hearing of
families needing help are also asked
to communicate either with Mrs. Sin-
clair or Mrs. Yard, 646 North Jack-
son street.

ACTION ON POSTAL NOTICE

Several responses had been re-
ceived at noon today in reply to the
notice received Friday by D. Ripley
Jackson, 1800 South Brand boulev-
ard, calling for bids for postoffice
site, building and equipment.

"Of course nothing definite has
been decided upon as yet," said Mr.
Jackson, "as the bids will be open
until November 30. The notice calls
for site, building and equipment;
everything complete, and of course
will necessitate considerable estimat-
ing on the part of those who are con-
templating submitting bids.

A little change is good for the peo-
ple who have more dollars than cents.

fortable upon a large fur rug, read-
ing a magazine, when she hears Mr.
Ritter returning home. Frederick
Ritter, the husband, who says he will
never recover from the ill effects of
seeing his wife trying to act, was
well taken by Joseph V. Griffin.
Every time the telephone rings, he
fears it is the police, who he believes
will surely arrest Mrs. Ritter for the
"disturbance" she created by her his-
trionic endeavors, and instructs
Jenny, the maid, to tell them no one
is at home.

Mrs. J. Duro Pampinelli, a firm
friend of Mrs. Ritter's and who also
claims to have had considerable abil-
ity as an actress, enters with large
floral pieces, one of which was about
eight feet tall, in the shape of an
anchor of roses, across which was a
banner "Success." Mrs. Pampinelli
hides behind the curtains and in-
tends to surprise Mrs. Ritter upon her
entrance.

However, Mr. Ritter appears and
had a rather disagreeable quarrel
with Mrs. Ritter about her abilities
as an actress. Mrs. E. A. Bode very
effectively enacted the part of Mrs.
Pampinelli, the society friend of
Mrs. Ritter, which was played by
Mrs. Virginia Edwards Chase. Mrs.
Nelly Pell, another friend and sym-
pathizer of Mrs. Ritter's, also ap-
pears.

Their sympathy seems to have
been lost, however, for the scene
ends with Mrs. Ritter accusing them
of trying to break up her home and
also her renunciation of any fur-
ther attempts to win her place in the
theatrical world.

Parts Well Taken
Mrs. Chase was very charming in
her gown of sequins over white net
and evening wrap of blue and gold
velvet and fur. Mrs. Bode was at-
tired in a gown of green silk and
black lace, and Mrs. Charles A. Par-
ker, who admirably played the part
of the gushing Mrs. Fell, was gowned
in black sequins and net, both being
quite appropriate for the society
devotees they portrayed.

So well were all of the parts in
the three plays portrayed that the
applause of the enthusiastic audience
demanded many curtain calls, with
beautiful bouquets of chrysanthem-
ums, roses and violets being show-
ered upon those taking part.

Much credit is due to Mrs. R. E.
Chase, curator of the drama section,
for her untiring efforts in coaching
the members who took part in the
plays, and which eliminated some of
the little things which make or mar
an amateur performance, and the ap-
plause of the audience was sufficient
proof of their approval. "Mrs. Rit-
ter Appears" was presented at the
Royal theatre, New York City, Sep-
tember 17, 1918, with Miss Virginia
Edwards (Mrs. R. E. Chase), in the
title role. Photographs of the cast
of "Glory of the Morning," the beau-
tiful Indian act, were taken in cos-
tume in the grounds at Dr. Bach-
man's home, with natural scenery
as settings and background.

Appreciation Shown

Complimentary to the business-
men of Glendale for past courtesies
extended by their support in giving
advertising for the programs in past
years, they were not asked for such
support this year, the drama section
depending entirely upon the receipts
from ticket sales and the success of
the production. The slogan "Buy
at Home" was conspicuous on their
programs. The piano used in the
stage setting for "Mrs. Ritter Ap-
pears" was through the courtesy of
Barnes-Shuck Music company, and
stage settings by Booth Franklin.

Mrs. A. P. Findlay, chairman of
the ticket committee, and Mrs. Ma-
bel Franklin Ocker, who assisted her,
are due a great deal of credit for
the large number of tickets sold,
money for which will be used for
the building fund of the new club-
house, which is soon to be erected
by the Tuesday Afternoon club.

Business Doubled in New Building, States O. W. Tarr

"Business has doubled since we
got into our new building this
August," stated O. W. Tarr of the
Chevrolet agency, 510 East Broad-
way, this morning. "I suppose one
reason is the growth of the town—
but we don't admit it. The car has
a lot to do with it, too.

"We are having no trouble in sell-
ing all the cars we can get after
trebling our allotment. We have no
trouble in getting people to pay for
the cars we sell, either. A great
majority of the transactions are cash.
People seem to have money to buy
cars and pay cash.

"The Chevrolet is built for a pos-
itive purpose—to furnish transporta-
tion, and many of our cars are sold
for business purposes. They are put
right into actual service. To run
them a thousand or fifteen hundred
miles a month is nothing unusual.
Some of them get more mileage in
one year than other cars in five."

AUTHORITY IS NOT NEEDED

WASHINGTON, D. C., Nov. 19.—
Congressional authority is not need-
ed for the United States to "scrap"
its surplus naval ships that may be
discarded under the application of
the Hughes naval program, it was
stated officially at the White House
today. This question was raised be-
fore the Hughes program was made
public and competent legal authori-
ties held that congressional authori-
zation was not necessary.

As a matter of process it was
officially stated Congress would be
officially apprised of such "junk-
ing" and the president expressed no
doubt but that Congress would
acquiesce in the projected scrapping.

SECOND RECITAL AT GLENDALE THEATRE IS ANNOUNCED

One Program Will Be Given
Tomorrow Night; Promi-
nent Artists Will Appear

The second organ recital by Paul
Carson and the return engagement of
Harold Stanton, the dramatic tenor,
and Miss Maud Norman Reilly, con-
tralto, will feature the program Sun-
day night at the Glendale Theatre.
These artists will appear at only one
performance during the evening, be-
ginning at 7:30 o'clock.

Mr. Carson will play "Allegretto,"
by Volstenholme, "A Dream" by
Bartlett, and "The Fortune Teller,"
by Victor Herbert. Mr. Stanton and
Miss Reilly will appear in the follow-
ing program:

Solo, "I Hear You Calling Me,"
Mr. Stanton.
Solo, "Kiss Me," Miss Reilly.
Duet, "Oh That We Two Were
Mating," Mr. Stanton and Miss
Reilly.

Tom Moore Is Featured

The picture Sunday will feature
Tom Moore in a smashing comedy
"From the Ground Up." Tom Moore
is given excellent support in this pic-
ture, the cast including DeWitt C.
Jennings, known as one of the finest
actors of his type on the screen; Har-
dee Kirkland, a powerful actor of
heavier roles; Darrell Foss, as a pol-
ished "villain," and Helene Chad-
wick as the star's leading lady. Miss
Chadwick needs no introduction,
after her splendid performances in
recent Goldwyn pictures by Rupert
Hughes. With a good story and an
excellent cast, directed by one of
Hollywood's cleverest picture makers, E.
Mason Hopper, "From the Ground
Up," contains all the elements of a
first-class photoplay.

W. L. Truitt Is Ready for Realty, Building, Contracting Business

W. L. Truitt, 317 West Doran
street, has completed a very attrac-
tive office at 812 South Brand boulev-
ard, where he is now ready to con-
duct a general realty business, with
special emphasis given to building
and contracting work.

The two-room office was designed
and built by Mr. Truitt and has a
color scheme of Tiffany blend walls
and stippled over gold woodwork.
Men are at work today on the lawn
and walks in front of the office. Two
large signs are being built to be
erected at either end of the site.

"We shall do a general realty busi-
ness and feature building and con-
tract work," said Mr. Truitt. "Right
now we have on the market an excep-
tional buy, the Glen View acres in
the Grand View district, extending
from Sixth street to Kenneth Road
and from Vine avenue to Justin av-
enue. This is, in my opinion, the best
home site in the city and will be the
Wildshire of Glendale. The building
restrictions, the improvements and
the high location are features
which appeal to the man who wants
an ideal home site and I don't think
Glen View Acres can be equaled in
southern California. We have sold
one-third of the lots already.

"At present we are constructing a
six-room bungalow on the Glen View
Acres and recently completed a beau-
tiful bungalow there. I have lived
in Glendale for the past sixteen years
and understand realty values, and I
never saw a home site as near ideal
as the property we have on the mar-
ket in this tract."

Norman Burbeck of Marine Service Is Visitor in Glendale

Norman Burbeck of Superior, Wis-
consin, visited Thursday night at the
home of his cousins, Mr. and Mrs.
Rev. C. Kelley, 1109 North Louise
street. Mr. Burbeck is engaged in
the merchant marine service on one
of the steamers of the Union Oil
company and recently arrived in San
Francisco after a three months' cruise.
The regular cruise takes Mr.
Burbeck from San Francisco through
the Panama canal to London, then
through the Suez canal to China and
Japan, and it is expected the next
voyage will require about four
months.

An interesting feature of the cruise
stated Mr. Burbeck, is the radio news
that is received each day aboard ship
and published in the form of a daily
paper which keeps the crew in touch
with the latest in world news.

Disabled Veterans at Thornycroft in Warning to Public

During the world war a number of
individuals and organizations
throughout the country preyed upon
—and profited from—soldiers and
sailors and their families.

And this unpatriotic action has not
ceased since the war. Former serv-
ice men are being "used" by some
people for personal gain.

At Thornycroft Sanitarium there
are a number of disabled veterans
and from them The Glendale Even-
ing News today received the follow-
ing self-explanatory communication:
Editor The Evening News:—It
has come to the attention of the dis-
abled veterans of Thornycroft sani-
tarium that a party or parties are so-
liciting money and food presumably
for the benefit of the above men-
tioned ex-service men. It is under-
stood that statements are made that
this is necessary as we are insuffi-
ciently fed.

This is not true.
We have received gifts and deli-
cacies from numerous public-spirited
citizens and also several organiza-
tions and schools which have been
greatly appreciated and this letter
is not intended to reflect on them,
but it is to acquaint the public with
the information that some person or
persons are using our disability for
personal gain.

Citizens of Glendale and vicinity
should ascertain if parties soliciting
funds for the disabled men of
Thornycroft have credentials from
some local organization, school or
are responsible citizens.

Again we wish to thank the people
of Glendale and vicinity for their
kindness and generosity shown us in
the past.

It is requested that this letter be
published in your paper for the in-
formation of the public.

THORNYCROFT SANITARIUM.

Great Cut in Tire Prices; Now's Time to Buy, Is Claimed

Automobile tires have taken a big
cut in prices the past two weeks. It
is natural that they should follow the
reduced prices of the automobile, but
the extent of the cut in price is much
greater proportionately than in the
case of the car. The tire is leading
all other auto accessories in the
downward trend, it is claimed.

Wm. Hooper, Glendale distributor
for Miller's and Kelly-Springfield,
states that tire prices are now lower
than they ever have been. He gives
as the reason for this condition the
present state of the labor and raw
material markets aggravated by
keen competition among tire manu-
facturers. Mr. Hooper says that
present prices cannot prevail. Soon
the differences among tire makers
will be adjusted, raw materials will
advance in price and labor will be-
come more settled. These changes
from present conditions will be re-
flected at once in the finished
product. Mr. Hooper calls attention
to the advance in the price of cot-
ton already. Cotton is used by tire
makers and as soon as the higher
priced cotton appears in tires the
consumer will feel this raise.

"In my opinion the time to buy
tires is right now," Mr. Hooper
states, "because it is almost a cer-
tainty that they cannot go any lower
and it is a certainty that before long
they will go higher. As far as I
know there is not one commodity
selling today for less than it did be-
fore the war, for that reason we can
be pretty sure that something out of
the ordinary is back of this heavy cut
in tires and as soon as it is adjusted
they will go up in price."

BIG CATCH OF MACKEREL

C. Berger, 403 East Lomita av-
enue, accompanied by his father, N.
C. Berger, and son, C. A. Berger of
Bakersfield, who have been enjoying
a visit here the past few days, went
to Long Beach yesterday and re-
turned last night with 113 mackerel.
It was a good-sized catch and today
many of Mr. Berger's friends are en-
joying the results of his luck yester-
day.

Mr. Berger states that fishing is
exceptionally good if one gets a
launch and goes out a short way
from shore. The mackerel just
seem to wait turns for taking the
hook, he reports.

A Dual Purpose

I have heard people say that they
wanted only an ordinary life pol-
icy of insurance because it was the
most unselfish policy. I don't
agree. The man who is looking
well to his hearthstone is very apt
to take out an endowment policy
because it will carry out his pur-
pose for his home if he dies and it
will also keep the fire on his
hearth in his own old age. It is the
most unselfish policy for it does
not shift upon his children the
provision for his declining years.
Long endowments in "the Provid-
ent" cost little or no more than
life policies in most companies.
Don't you want one?

Mr. and Mrs. Frank Barnett, who
are now adding some improvements.
The sale price was \$9000.

Basil Green of Los Angeles was
recently in Glendale visiting with
Armand Dair of East Colorado
street. Green formerly lived in this
city, having attended the local high
school several years ago.

cago, uncle and aunt of Mrs. Jennie

cerely.

C. L. Lawler formerly of Geneseo,
Ill., but now of Redlands, called at
the Circle Realty office, 120 North
Brand boulevard, Friday afternoon
to look over real estate values with
a view of purchasing property and
moving here. Mr. Lawler was much
pleased with Glendale and stated he
thought it a better home city than
any place he had seen in Southern
California.

Mr. and Mrs. C. Godfrey, who are
now en route to Glendale, via auto-
mobile, were here one year ago last
summer, and during their visit pur-
chased a home on North Orange
street. They have now disposed of
their property in Albion, Michigan,
their former home, and expect to be-
come residents of Glendale. Mr.
Godfrey is an uncle of John Dean,
who sold his home at 719 North Cen-
tral avenue, one year ago, and went
to Canada.

LIGHTS TO BE CUT OFF

Better electric service will be fur-
nished to residents of Glendale after
tonight, according to Peter Dedrick
of the Public Service Department.
He announced this morning that the
electricity would be off from 6:15
until about 6:45 tomorrow morning
while some adjustments were made
at the local power substation. After
these have been made, the voltage
will be more uniform during the peak
load between 5 and 8 o'clock at
night.

SEEKS CHANGE IN RATES

SAN FRANCISCO, Nov. 19.—F. W.
Gomph, as agent for the Pacific
Freight Tariff bureau, composed of
western rail carriers, applied to the
railroad commission for authority to
adjust to a uniform standard frac-
tional cents in rates per 100 pounds.
These fractions resulted from per-
centage increases granted in August,
1920. In no case, it is pointed out,
will the requested change in rates be
more than 1/4c per 100 pounds.
In the proposed adjustment both in-
creases and reductions appear. The
chief commodities to which they ap-
ply are fertilizer, rock, sand and
gravel, dried fruit and hay and
straw. The announced purpose is to
harmonize the factors of ton rates and
hundred weight.

AGREE UPON ESTATE TAX

WASHINGTON, Nov. 19.—Senators
and house conferees on the tax
revision bill agreed on adopting the
estate tax as under existing law, im-
posing a levy running from 1 per
cent on estates over \$10,000. The
house agreed on the senate amend-
ment striking out the exemption to
corporations on gifts made to religious
or charitable institutions to a total
not exceeding 5 per cent of their
incomes. The senate plan for taxing
insurance companies was adopted.
The surtax amendments as approved
in the house were also agreed upon
by the conference committee.

INVITE PEOPLE TO DISCUSSION OVER CHIROPRACTIC

Attorney Griffith Jones to
Give Address on Subject
'The Medical Kaisers'

On Tuesday night, November 22,
a meeting will be held under the
auspices of the Progressive Chiro-
practors' association at the Pearl
Keller's Studio, 109A North Brand
boulevard.

Griffith Jones, attorney for the
National Chiropractors' association,
will speak on "The Medical Kaisers."

The chiropractors are waging a
campaign throughout the state of
California to acquaint the public
with the benefits of their science and
also for the purpose of explaining the
difficulties under which they claim
they labor on account of having to
secure their licenses from the board
of medical examiners.

The chiropractors claim that it is
impossible to get a license on ac-
count of the fact that the examiners
are all medical men and are not ac-
quainted with chiropractic.

Public Is Invited

Besides the address by Griffith
Jones, there will be music by a col-
ored orchestra.

The meeting will commence at
7:30 o'clock and is only one of many
meetings which are being held at the
present time in various parts of the
state.

As many as 3,000 people were
turned away from the meeting at
the Spreckels theatre in San Diego,
and it is expected that a large crowd
of those who believe in what is
termed "medical freedom" will be
present on this occasion.

Roy L. Kent Home Scene of Gathering of P. E. O. Chapters

Members of Chapter C. J. P. E. O.,
had the pleasure of entertaining last
Thursday night all the other P. E. O.
chapters of Glendale at the home of
Mrs. Roy L. Kent, 522 North Central
avenue. This beautiful home was
profusely decorated with ferns and
yellow and white autumn flowers,
the P. E. O. colors forming a bower
of beauty. A happy social time was
enjoyed.

This was followed by a program
arranged by Mrs. Myrtle Brown, and
included the following numbers:
Greetings in rhyme by the president,
Mrs. Ella Putnam; violin and saxo-
phone duet, the Misses Agnes and
Bertha Brown; group of readings,
Master Howard Kent; piano solo,
Miss Alberta Green; group of read-
ings, Little Miss Ethelwyn Kent;
vocal solo, Miss Marie Oliver; read-
ing, an original poem, "Afraid to
Go Home," by Mrs. Fannie Crampton.

At the close of the evening re-
freshments of ice cream, cake and
coffee were served by the hostess.
There were about ninety-five guests
present.

During the meeting the following
poem by Mrs. Fannie Crampton was
read:

AFRAID TO GO HOME!
Afraid to go home! Of such tender
years
The child could not know 'twas
distorted fears
At the thoughtless deed she had
committed,
That had left her hopeless, and
terrified.

Afraid to go home She sought a
place
To hide her shamed and tear-
stained face;
And, ahead, their shadows darken-
ing the road,
Were the friendly walls of the
house of God.

She crept inside ere the waning light
Slowly changed to the shadows of
night.

And huddling in the darkness, she
Fell asleep, and forgot her misery.

And there she slept till at break of
day
Came friends who had scoured
since yesterday
The highways and byways in their
search

For the child that lay sleeping in
the church.

Her parents clasped her in fond em-
brace,
And happy smiles now wreathed
her face;
She felt their love, in their arms she
laid—
She was going home, and was not
afraid.

My story is told. Is its message clear?
To you who have heartaches, or
trouble or fear;
Like this little child, with her sor-
rowful load,
Try taking, and leaving them in
God's abode.

GLENDALE THEATRE VAUDEVILLE BILL ENTERTAINING

Variety Program Here Today
in Connection With Film
Feature 'Colorado Pluck'

An entertaining and pleasing
brand of vaudeville comes to the
Glendale Theatre today. Frances
LaMont, with her dance impersona-
tions, offers a neat dance creation
colorful in its conception and pleas-
ing to the eye. Murry and Murry
proffer a singing and dancing offer-
ing, surrounded by atmospheric scen-
ery, and executed by two clever arti-
sts. Frank Merritt, with his inimi-
table stories and song should be a
laugh provoker. Billy Scott & com-
pany present a laugh gathering com-
edy sketch, with many funny situa-
tions. The Village Four, a comedy
rural quartette, round out the cur-
rent bill of vaudeville.

Scenes in Mining Camp
The selection of Telluride, Col.,
as the scene for the opening and closing
of the new Fox picture, "Colo-
rado Pluck," which comes to the
Glendale Theatre today with William
Russell at the head of an exception-
ally strong cast, recalls the days
when that busy little village could
boast of nearly everything with the
exception of law. In its "palmy"
days Telluride, almost of mushroom
growth, built its saloons and concert
halls first and its stores and hotels
later. Money flowed like water,
miners made fabulous wages and the
law, at first posing behind a single
silver-plated star, winked at enforce-
ment of verbal statutes.
It is in such atmosphere that "Colo-
rado Pluck" has its initial and final
scenes, and William Russell, the
screen hero who knows and loves the
west so thoroughly, has injected the
true spirit of frontier days into every
move in these highly interesting
scenes.

Prosperity Is Ahead for Glendale, Says H. C. Ells, Booster

"Nothing short of war can halt
the prosperity of Southern Califor-
nia, especially that of Glendale,"
says H. C. Ells, of the realty firm of
Grey & Ells, 128 North Brand boule-
vard, "and war is not likely to hap-
pen. My recent motor trip through
the middle west convinces me that
this present prosperity will not only
continue at its present pace, but will
increase, for, while on that trip, I
heard hundreds say they were com-
ing to California just as soon as they
could complete arrangements."
"Coming to California means com-
ing to Los Angeles, and that means
coming to Glendale, for we have
everything to offer them here. Sou-
thern California will soon be inde-
pendent from other sections of the
United States; we shall soon be self-
supporting—all our food will be
raised from the soil right here and
all our manufactured goods will soon
be made here. As far as I can see
there is nothing but continued pros-
perity ahead, and plenty of that."

Facts and Figures on Deaths by Auto Gathered by Bureau

The Department of Commerce, through the Bureau of the Census, announces that during the year 1920, 9,103 deaths resulting from accidents caused by automobiles and other motor vehicles, excluding motorcycles, were recorded within the death-registration area of the United States, which area contains 82 per cent of the total population. This number represents a death rate of 10.4 per 100,000 population, as against 9.4 in 1919, 9.1 in 1918, 8.9 in 1917, 7.3 in 1916, and 5.8 in 1915. Between 1915 and 1920, therefore, the death rate per 100,000 population from motor-vehicle accidents and injuries increased by about four-fifths.

The actual number of deaths resulting from motor-vehicle accidents in the twenty-five states from which data for 1915 are available increased from 3,571 in that year to 7,433 in 1920, the rate of increase being 108.1 per cent. During the same period, according to data obtained from the Bureau of Public Roads, of the Department of Agriculture, the number of registrations of automobiles, motor trucks, and commercial motor vehicles in the same states increased from 1,767,055 to 6,085,150, the rate of increase being 244.4 per cent. The death rate per 1000 motor vehicles in use in the twenty-five states in question decreased from 2 in 1915 to 1.2 in 1920, being only three-fifths as great in the later as in the earlier year.

Less Than Ever Before

The model R Hupmobile is now selling for less than ever before, according to L. T. French of Bartlett & French, 201 South Brand boulevard. He called attention recently to the fact that this model was first brought out in October, 1917. It has now been reduced to the same initial price—but cord tires and a number of extras have been added to the equipment so that its real cost is less now than ever before.

To Have Larger Quarters

Jack St. Clair, proprietor of Jack's Service Station, 233 South Brand boulevard, expects to move into larger quarters at the rear of his present location—when the bricklayers and tinsmiths get ready to build walls and roof over his cement floor. The pit is all ready and an open air wash rack has been in use for some time. Mr. St. Clair says that he keeps warm these chill mornings by keeping busy.

Thief Cannot Steal It

A self-locking theft proof non-removable winged radiator cap surmounted by a motorometer is a new device just received by Rich's Auto Supply Store, Colorado and Brand, according to G. E. Gane. He called attention to the fact that the new cap can't be removed without special tools and cannot be unscrewed by a sneak thief.

Faith in Willard Battery

"I wouldn't be selling the Willard Battery if I didn't think it was good," remarked E. W. Cizek of the Auto-Electric Service Station, Colorado avenue and Brand boulevard, yesterday afternoon. He says that the best evidence it gives satisfaction is the increasing demand.

He Likes Canton Tires

E. D. Halliwell, proprietor of the Auto Tire company's store at 211 South Brand boulevard, thinks that Canton cord tires are good tires—in fact, he thinks they are very good tires. To prove it he called attention yesterday afternoon to their guarantee of 10,000 miles. "We can sell a tire that is guaranteed for 10,000 miles," said Mr. Halliwell, "for 25 per cent less than tires that are only guaranteed for 8,000 miles."

Big Demand for Hups

"The only thing to talk about now is the shortage," remarked Lanier Bartlett, 201 South Brand boulevard, yesterday commenting on the popularity of the Hupmobile. "We have only been able to get two cars this month. The drop in price has caused them to go fast. We will be able to make delivery on a touring car in about ten days."

Demand for Closed Cars Increases as Weather Gets Cold

"The closed car situation was relieved a little this week," declared Edward S. Lawrence, assistant manager of the local Ford agency. "It is a periodical proposition. This week we didn't sell many closed cars. Next week we may sell all closed cars."

This weather brings out the closed car buyers. I look for them to be coming along now.

"Touring cars and roadsters are absolutely all sold out. We haven't any roadsters on hand for immediate delivery, but there is a load of cars on the way and I expect there are a couple of roadsters in it."

PUT YOUR MONEY IN A HOME

LET YOUR DOLLARS WORK FOR YOU. Give them a chance to show their real earning power when invested in real estate and homes. In no other way can you make money faster, surer, and with greater safety. Real estate and improvements are the bases of all wealth. Every successful man will advise you to put your savings into real estate and homes. Ninety-five per cent of the men who acquired enough of this world's riches to retire on, will tell you that real estate was responsible for their success.

The ownership of a modern home stamps you and your family as desirable citizens. Homes reflect thrift, character, determination, perseverance; are real protection against adversity and give to their owners a satisfaction of worth while accomplishment that cannot be equaled in any other form of investment.

Those who own their own homes know of the contentment, happiness and ideal environments that homes can make and give and the satisfaction that is reflected from home life is your greatest recommendation to build one of your own.

HOME OWNERSHIP is a privilege and should be the one accomplishment foremost in the minds of all. It represents all that is good, true and beautiful and gives to its owner that satisfied feeling of contentment that makes and keeps family ties closely united into one everlasting peace, happiness and love.

No Longer Can Anyone Give a Good Excuse for Not Buying A HOME

—as the same money you are paying out for rent will meet all payments, interest, etc., and soon you will have a substantial interest in a home that some day will be all yours, and when that day comes, you will indeed be a proud and happy man, for you have done well. You have acquired and paid for a home.

PLANS No. 230-235

No frills or pet fancies are incorporated into the exterior of this neat colonial bungalow home, yet its simplicity acts as a magnet —makes you want to own one like it.

The tasty entrance porch and novel size and arrangement of front windows, carry out just the desired effect.

The interior arrangement is most convenient, as is shown in the alternate floor plans.

This home is economical in design and construction and offers maximum home for investment.

The following organizations, public-spirited firms and individuals are interested in helping to make Glendale a city of more beautiful homes and to assist in every possible way in creating homes for those who are desirous of making our city their future home, and it is their recommendation that all who can possibly do so build homes or convert their surplus money in home building channels.

HIGH GEAR TOURING RECORD ADVANCED BY STUDEBAKER

Remarkable Trip Is Made by
C. L. Smith; Entire Cost
of Repairs 5 Cents

Claims for a high gear touring record have been advanced by C. L. Smith, a Los Angeles motorist who arrived recently from a visit to Boston. Starting from Boston with a brand new seven-passenger Studebaker, Smith and his family began a leisurely trip to their California home and oftentimes made side trips to points of interest or to visit friends.

The first hill that they encountered where the car would not pull its total load of 4500 pounds was while going into Yellowstone park. Previous to that the gears had been used for starting only.

As the car crossed the summit of the transcontinental divide, Smith used low gear for the first and only time on the entire trip. He states that if he had been doing stunts instead of just going home he would have backed up, taken a little run at the grade and rounded the sharp turn in second gear, but as it was he just marked up a single score for low gear hills for the entire journey.

Make 300 Miles Daily

Road conditions were found to be very good at the time the party came across and it was not unusual to make 300 miles in one day. That they were making better time than is ordinarily made in touring was shown by their overtaking motorists they had camped with five or six days previously after the Smith party had made a side trip of a day or more.

Even on the desert roads Smith reports good time. From Bunker-ville to Las Vegas, in Nevada, is a stretch that is rough and motorists usually take a day for it for Las Vegas is a good place to stop overnight.

Smith, however, rolled the distance in four hours, had lunch and then ran on down to Goff Station, another 100 miles of desert road.

According to S. C. Packer, local distributor of the Studebaker line, Smith's record of expense on the trip showed just one item for repairs. He spent a nickel to replace a nut that was lost off a bolt.

The Taj Mahal, at Agra, is said to be the world's most celebrated mausoleum. Built of white marble and inlaid with precious stones, it cost \$10,000,000, and 20,000 men, it is estimated, were occupied 20 years in the building of it.

Ensenada Trip in Mexico Impossible, Auto Club Warns

Hundreds of motorists, misled by a story appearing in southern California newspapers from an alleged authentic source, are endeavoring to tour the Ensenada, in Mexico.

These would-be Mexican tourists are besieging the San Diego office of the Automobile Club of Southern California, arriving in the southern city from points as far north as San Francisco and from Nevada and Arizona, in an endeavor to secure maps for the Mexican journey.

That the Ensenada route is in very poor condition at this time, despite reports to the contrary, is the word sent out by the auto club to all of its county offices.

The new coast road which will take the motorists to Ensenada in the future will not be open to travel until after the first of the year according to reliable information received by the touring bureau of the club from the Mexican government.

The old road into Lower California is not in good condition. Automobile club officials from San Diego have just completed a tour of inspection to Ensenada from Tia Juana in order to issue correct information to the hundreds of motorists who are endeavoring to make the trip on account of the stories already published in regard to excellent hunting in that vicinity.

Motorists are warned to secure reliable road information before attempting trips of this character in the future. Road information issued by amateurs for publicity purposes had better be investigated before any long trip is undertaken on the strength of it, warns the club touring bureau.

The trip into Mexico, on account of poor road conditions, is absolutely not advised by the auto club at this time.

Buick's Reputation Over Twenty Years Hasn't Any Failures

"The history of the world's endeavor finds an interesting analogy in the motor car industry," according to William A. Tanner of Tanner & Hall, Ltd., 237 South Brand boulevard. He remarked:

"Authors who write one book and then the flame of inspiration burns low, generals who win one battle but fail in the next great test, have a parallel in the present-day motor car manufacturers who build a 'one-year' car, but are unable to keep abreast of the swift march of progress that characterizes the successful motor car builders of today."

Some of the motor car industry's most colossal failures have been cars widely heralded as the ideal, but which proved unable to stand up long enough to win a permanent place among the real contenders for supremacy.

The Buick is unique in that it does not have to apologize for any preceding model. Buick's reputation is built over a period of twenty years without a single year's failure.

Gather Figures on Average Truck and Speed of Traveling

How large is the average truck and how fast does it travel? This question and others of interest to truck owners and users of the highways are answered by information obtained in a recent traffic census taken by the Bureau of Public Roads, United States Department of Agriculture, on one of the most traveled highways in New England. The census discloses that 40 per cent of the trucks were of one-ton capacity or less; 33 per cent between one and two and one-half tons; 5 per cent between two and one-half and five tons; and that less than 2 per cent of the trucks were of more than five tons capacity. On a level stretch of road, over which the speed of motor vehicles was timed, it was found that more trucks traveled at a speed of twenty miles an hour than at any other rate. Thirty-seven per cent traveled twenty miles an hour or faster. One truck, whose driver said he was in a hurry to get there, was found to be traveling at a speed of forty-five miles an hour.

Like a fireside easy chair

THAT sense of ease and relaxation one has in the deep-cushioned chair drawn up before the hearth is matched in the comfort of the seats of a Studebaker enclosed car even when it is rolling along over the roads.

There is but one thing missing in a Studebaker coupe or sedan—it is the noise and vibration that has proven so annoying in many closed cars. The famous Studebaker L head motor insures quiet and smooth operation even after many years of service.

Today would not be too early to investigate the merits of the Studebaker SIX. There will be the usual last-minute rush to get deliveries for Christmas time.

SPEAKER ON HUNTING TRIP

BEAUMONT, Tex.—Three old-time stars of the Texas league, two of whom have since gained fame in the majors, will reunite here for a hunting trip. They are Tris Speaker, manager of the Cleveland Indians; George Whiteman, star of the 1918 world series for Boston, and Iva Tevis, of Beaumont. All three played on the old Houston club, and each drew \$50 per month.

Professor (at his chicken dinner)—If I wasn't professor in zoology I'd swear that this d—d chicken came from a hard boiled egg.

There's a Profit in Renting But YOU Don't Get It

Ten years' rent won't get you anywhere—you just pay rent, then you pay some more rent. Of course, you have a place to live between times but the house isn't yours, it never will be and it's not exactly as you would like to have it, anyway. Sad, but true, so there's no use arguing.

A little extra work is required to get a home. But if home owning didn't require some individual effort the saying, "There's No Place Like Home," would be all bunk.

Let's get busy and select your new home from our collection of over 500 modern designs.

Not a Shadow of Doubt

It is bad enough to experiment with inexpensive things, but why experiment with the large amount of money required to buy an automobile? The Buick has won such a sure place in the automobile field that it has become a national institution. It, therefore, offers exclusive features that you cannot get in any other car.

This year, the Buick has again won the privilege of enjoying first place in the big National Automobile Shows held both in Chicago and New York. This means that with the exception of Ford, Buick is ahead of all other makes of cars manufactured during the years preceding the shows.

Every year is a BUICK year.

GARAGE, REPAIRMEN CRAFT WILL GIVE LARGE BANQUET

Prominent Speakers Will Be Present at Gathering in Pasadena November 23

One of the biggest "get together" meetings of its kind ever held will take place in Pasadena, Wednesday night, November 23, at 7 o'clock. At that time members of the San Gabriel Valley Automobile Trade association, numbering eighty-seven will gather at the Coffee Cup Inn, with their employees, to participate in a combined business and entertainment meeting.

This meeting, held under the auspices of the garage and repairmen's craft, will be for the purpose of fostering a closer relationship between the employer and employee. The need for more and greater co-operation between the dealer and his employees, who are in reality his personal representatives, is a fact that has become more and more evident of late.

Arrangements have been made to seat 250 and from all reports more than this number are confidently expected.

During the excellent dinner music will be rendered by a number of the Elks' band, who are also members of the Automobile Trade association.

Some Prominent Speakers

Following the meal, several speakers of prominence will be heard along trade subjects.

Among those who will speak will be John W. Maltman, deputy attorney general of the state, and a former president of the Los Angeles Auto Trade association. Robert Atkinson, chairman of the motor car dealers' division of Orange county, will also discuss service features.

M. E. Drum, the well known character analyst, will talk on character study as applied to business, and then give numerous demonstrations of character reading at sight.

Speaking of the meeting, Secretary Manager P. W. Battelle says: "The motoring public of today is asking for, and seeking more efficient service, courteous treatment, and guaranteed goods and work."

"The day of the inefficient dealer and employee is practically over. "Just drive down any street and note the different automobile establishments. One will appear clean and prosperous. The other ill kept and slovenly. Which one will you, as a motorist, patronize? That is why the dealer who expects to keep his old customers and make new ones must render a still better, more efficient service and keep his place of business clean and up-to-date."

"The courteous employee—doesn't

Stolen Cars Being Taken Into Canada, Auto Club Declares

Auto thieves have taken 17,000 stolen cars into western Canada, it is reported, and hundreds of auto owners in the southern part of the state are seeking information from the Auto Club of Southern California to see if their cars are among the number.

Motor cars are being stolen in southern California in wholesale numbers at this time, according to the auto club report issued by its theft bureau.

Auto theft gangs have never been so active or so well organized. Club officials are uncertain as to whether any part of the 17,000 stolen cars reported as reposing in the west part of Canada belong to southern California owners or not, but an investigation is to be started at once.

It is announced by the club that an effective barrier has been erected by the theft bureau of the organization along the Mexican border. However large the number of stolen cars may be which are traced to Canada, at least that number will never be traced to Mexico, claims the auto club.

Arrangements have been perfected whereby stolen autos being raced into Mexico by the thieves can now be stopped at any point along the Mexican line in the western part of the United States. The wily thief who eludes the theft bureau detectives now-a-days will be a wonder.

Approximately 3000 motor cars have been stolen in southern California so far this year, representing a total valuation of more than \$2,700,000, according to the club report. Of these, more than half the number have been recovered and returned to their owners, but 1330 are still reported as lost, representing a total sum of approximately \$1,200,000 to the owners.

Are these machines in Canada? That is what the club theft bureau hopes to find out.

It make you feel a lot better to be greeted with a polite inquiry or a smile when you drive up, than with a growl? Do you like to wait in front of a place and blow your horn for service?

"The automobile business with its accessories is on a much higher plane than formerly, but there is still room for improvement. That is why we are meeting together for the betterment of the trade, the employee and the employer."

"If we all can do our work just a little faster, a little better, be courteous, be efficient, the motoring public cannot fail to appreciate it and increased business will be the result."

FEW AUTOS IN GERMANY

BERLIN—One of 300 Germans owns an automobile. The approximate number of registered motor-cars in Germany at present is 70,000, according to the Berliner Mittagszeitung.

W. W. Reilly Tells This Story; Willing to Swear It's True

And he didn't spill a drop! W. W. Reilly of the Glendale Hudson Motor company, 230 North Brand boulevard, is telling a good "none-such" story—about his Hudson.

After a picnic recently in Sunset Canyon, a small cream bottle filled with water was left upon the running board of the car and forgotten. Mr. Reilly drove to Santa Monica and returned to Glendale—the bottle was still there and not a drop had been spilled.

"Part of the time," declared Mr. Reilly, "I was going fifty and fifty-five miles an hour."

The United States paid France \$15,000,000 for the Louisiana territory.

LOCAL DELEGATION GETS READY FOR HI-Y MEETING

Older Boys' Conference to Be Held in Santa Barbara on November 25, 26, 27

"The Best Town and the Best Hi-Y in the State" is the slogan that has been adopted by the Hi-Y delegation which will attend the Seventeenth Older Boys' Y. M. C. A. Conference of the state at Santa Barbara, November 25, 26 and 27. Badges will be printed bearing the slogan and the delegation, says Rex C. Kelley, Y. M. C. A. secretary for the Glendale district, intends to let the conference know all about Glendale and its Hi-Y organization. Boys chosen by the different Hi-Y groups to attend the conference are G. E. Murphy, Howard Butterfield, Lee Payne, Cecil Wilson, Neil McIver, Theodore Haig, Fred Stofft, Paul Edmonds, Arlin McCormack, Lee Shannon, Leslie Hatch, Robert Frazee, Dale Wood, Phillips Henderson, Maynard Toll, George Jordan, Alton Matice, Donald Cameron. Secretary Rex C. Kelley will also accompany the delegates, and G. E. Murphy and Howard Butterfield will act as leaders for the group. Dale Wood to Speak Dale Wood, who has been chosen by the county Y. M. C. A. secretaries as one of the speakers at the conference, will give an address at the Santa Barbara Presbyterian church at 9:45 o'clock Saturday morning, November 26, his topic being "Something More in Church."

The Glendale delegation will leave for the conference Friday morning, November 25, the Glendale, Alhambra and Burbank groups going on two Alhambra trucks which are expected to arrive at Santa Barbara at 3:30 o'clock that afternoon. It is expected that over 400 Hi-Y boys will attend the conference this year, states Mr. Kelley. Last year the attendance was almost 400 and plans are being made by Santa Barbara citizens to entertain over that number this year.

RUNS ON CHINESE BANKS

WASHINGTON, Nov. 19.—Runs are in progress on banks in Peking, Tien Tsin and Shanghai, according to a cablegram to Secretary of Commerce Hoover from Peking. The Bank of Communications and the Bank of China in Peking are affected by the run, the cablegram said.

Used Car Business Here Is Excellent, This Firm Proves

The used car business, considered by most dealers the bane of the industry, holds no terrors for the Velie Glendale Motors, 246 South Brand boulevard. Since November 1, H. N. Halfhill and C. R. Anders, owners of the Velie agency, have sold fifteen used cars, which makes an average of nearly one a day. Efforts have not been confined entirely to the used car field, says Mr. Halfhill, who reports the sale of two new Velies. "The used car department of this firm is expecting to produce a profit just as much as the new car business," says Mr. Halfhill, "and it is never looked upon as a liability. Instead of avoiding used cars whenever possible, as do most agencies, we go out looking for them. We tread carefully on new cars, buy them and take them on consignment. "Selling a big volume of used cars is more than anything else a matter of getting them at the right price. Then, too, we aim to have a large assortment so as to make it possible to show the majority of our prospects the type of car in which they are interested. "Equally important is accurate representation of our merchandise to our prospects. We believe that the buyer of a \$75 Ford—yes, we have them as low as that—is just as much entitled to courteous treatment and that he appreciates a square deal just as much as the buyer of a \$2800 Velie sedan. "Perhaps also the fact that we are able to give attractive terms on our used cars with low interest rates and insurance charges, influences many to buy used cars from us. "We are trying to show the people of Glendale through our prices, our terms and our treatment of our customers that 'Buy your used car in Glendale, of a Glendale firm' is more than a nice sounding jingle."

PLEADS GUILTY TO MURDER

SAGINAW, Mich., Nov. 19.—Richard Chaplain, 22-year-old veteran of the world war, pleaded guilty to a charge of murder when brought into court here and was sentenced to life imprisonment in Jackson prison. Chaplain will be taken to Jackson. He confessed to the murder of his father and mother when confronted by his sweetheart, Clara Humpert, 19-year-old school teacher.

MEXICAN REBELS ATTACK

CALEXICO, Nov. 19.—Following what General Rodriguez of the Mexican federal forces believes was an incendiary attack by rebels, a residence near the military buildings in Mexicali was destroyed by fire at midnight. It is believed the incendiaries expected a strong wind to carry the embers from the burning house to the military buildings. The loss was \$7500.

THRILLING TALE IS WELL PICTURIZED BY DUAL ROLE

'The Great Impersonation' Is T. D. & L. Attraction on Screen; Vaudeville

James Kirkwood, featured player in George Melford's new Paramount production, "The Great Impersonation," which is to be shown at the T. D. & L. theatre Sunday and Monday has one of the most difficult dual roles ever portrayed on the screen. The skill required in the portrayal of this role will be understood when one considers the fact that Mr. Kirkwood must enact two racial characters—one a German, the other an Englishman. The role becomes further involved when, as the story develops, it appears that the German has killed the Englishman and impersonates him in Britain, acting as a spy of the Imperial Prussian government just prior to the great war. Great Surprise Develops After many thrilling scenes, a smashing surprise develops which is calculated to make the average motion picture fan gasp. It is said this finale is unequalled in interest and dramatic power by any similar situation ever shown in a motion picture. Mr. Kirkwood's portrayal of this difficult role is highly artistic. This Paramount Picture is an adaptation by Monte M. Katterjohn of E. Phillips Oppenheim's novel, "Ann Forrest, Winter Hall, Truly Shattuck, Alan Hale, Lawrence Grant, Fontaine La Rue and other noted players are associated with Mr. Kirkwood in the all-star cast. Today is the last day of Melkie John & Dunn's big vaudeville show, headlined by Brindamour & Co., the great escape artist, and four other pleasing acts. The feature picture for tonight is William De Mille's production, "After the Show."

URGES SHIPBUILDING CEASE

WASHINGTON, Nov. 19.—If the United States does not follow the lead of Great Britain in ceasing immediately all work on its battleship program, "it will run the risk of losing its initiative at the armament conference," Senator Pomerene, Democrat of Ohio, declared in announcing that he will press for action on his resolution ordering a cessation of the naval building program. Republican leaders predicted that congress would not order any cessation until after a final agreement has been reached. Representative Britten, Republican of Illinois, has pending in the house a resolution providing for immediate cessation.

FEW MINERS REPORTING

WALSLENBURG, Colo., Nov. 19.—Few men were reporting for work in the coal mines of the Colorado Fuel & Iron company in Huertano and Las Animas counties, following a reduction of 30 per cent in wages made effective by the Rockefeller concern. Officials of the United Mine Workers of America declared that the "protest" would spread to all non-union mines in the state and predicted that between 4000 and 5000 men would be idle within a few days. Walsenburg and vicinity were quiet, with martial law prevailing and about 100 state rangers in control.

BIG PICNIC OUTING GIVEN TOMORROW BENEATH OAKS

Flintridge Gardens Will Be
Scene of Gathering and
Children Are Invited

For the benefit of hundreds of men, women and kiddies who could not be accommodated at the big picnic at Flintridge Gardens last Sunday, another big pleasure feast will be staged there tomorrow by the William Wilson company. A sumptuous luncheon will be spread beneath the oaks and sycamores promptly at 12:30 o'clock, and all who come will be welcomed as guests of the company.

At the picnic outing last Sunday the crowds exceeded all expectations. For that reason it was decided to stage another picnic and make it bigger and better than ever. A sumptuous luncheon will be spread and the day will be given over to roaming the Gardens and viewing the great panorama of the surrounding country which is afforded from that point.

Plan Pleasure Trip

"We want everyone to feel that our picnic and outing tomorrow will be one for pleasure and enjoyment," said Mr. Hallward of the William Wilson company. "It will not be a business trip, but those who desire to buy may combine their business with pleasure—an ideal arrangement."

Scores of kiddies got their first glimpse of Flintridge Gardens last Sunday. The way they romped and played and enjoyed the balmy air, the shade and the sunshine of the open parkland was in realistic confirmation of the company's slogan "For the Kiddies' Sake."

Flintridge Gardens is reached through Verdugo Canyon road just beyond La Crescenta along Michigan avenue. The luncheon will be served promptly at 12:30 o'clock.

"A feature of Flintridge Gardens," continued Mr. Hallward, "is the fact that it affords all the modern conveniences of city life, yet is out in the country, above the fogs—away from chilly winds and out of the factory and industrial zone. It requires no longer to reach Flintridge Gardens from the city than from many sections of the Los Angeles business district."

"Of all the property ever handled by the William Wilson company no easier terms were ever offered than is extended to home site buyers in Flintridge Gardens. Quarter acre lots may be purchased for the low price of \$500. Half acre lots in more choice sections of the tract are selling rapidly for \$1250. This includes all paved streets, electric lights and gas facilities, and all other modern improvements."

D. W. Stephenson's Aim Is Deadly; He Outshoots Them All

Officer Walter Trautwein and City Councilman Dwight W. Stephenson won respective target honors for the groups of officers and civilians in the pistol shoot held on the government range in Sycamore Canyon Wednesday afternoon.

The entire police force participated in the practice of picking off "bobbing targets" and Officer Trautwein made a record of four hits out of a possible five.

In the civilian group Councilman Stephenson in three trials of five rounds each, made a record of one, three, and two out of possible fives, as reported by Police Judge F. H. Lowe.

In the civilian group were Mayor Spencer Robinson, City Manager W. H. Reeves, Captain Clark, W. R. Phelan, Harold P. Courtney, Frank Walker, Dwight W. Stephenson and E. B. Wyman.
